Live Well A.P.S., Inc. — Who We Are

We subscribe to the motto — In an environment of government “incentivized” regulations, superior business intelligence is the **ONLY** way to triumph.

We are a contracted agency and facilitator for leading experts that specialize in the processes and implementation of optimization solutions for financial ROI.

Together we support thousands of independent and hospital-based physicians & clinicians, multi-TIN, Medicare Advantage plan providers, and ACO and Advanced APM members. We deliver **Maximum Value** with vital CMS program guidance and the most effective and innovative clinical and non-clinical business solutions that improve compliance, reimbursement, and efficiency. In addition, streamline costs and reduce hassles.

ACO, IPA & Advanced APM Executives Need a New and Significant Value to Show their Boards and Member TINs.

How much money have you invested in the systems and processes (and people) that help to optimize your Shared Savings results? What is the annual ROI to your Member TINs? And what are you doing to create an increase in ROI?

We Help ACO's, APM's & IPA's Overcome Big Challenges

Reducing Total Cost of Care and creating new Medicare billings for your provider Clinics is your ACO's primary mission. But the high cost of doing business has not been met with adequate increases in reimbursement by CMS. And the increasing administrative burdens due to inappropriate MA plan practices have created an environment of financial uncertainty and lower or no shared savings distributions for member TINs.

The solution, the **ACO Support** platform can help you reduce Total Cost of Care, improve Quality Scores, provider utilization, the ability to act upon information immediately, and create accurate documentation that supports a patient's diagnosis and satisfies potential Quality Care and CMS / MA audits. In addition, create new Medicare billings for your member clinics, increase billing encounters, reimbursement, and shared savings distributions that meet the expectations of your Member TINs.

Many ACO executives boast about their cost of care, Quality scores, robust risk adjustment, cost savings, abstract coding teams, QA audit teams, care coordination, and provider education. Unfortunately, they are still apathetic about action needed because up until now, fully meeting requirements has not amounted to any significant increase in revenue. This has now changed.

So, now executives need a new and significant value to show their Board and Member TINs. Our ACO Support platform is the answer.

The Bottom Line

The **ACO Support** platform is the empowering solution that will ensure your ACO and member TINs meet all requirements, improve Quality Scores and patient outcomes, reimbursement, reduce Total Cost of Care, and unlock Medicare CCM Program revenue streams. A reasonable analysis and / or set-up fee may apply.

It provides the support you need. All services are tailored to your ACO's specific needs, which can change from one year to the next. They require very little workload and no additional staffing requirements.

Unlocking Financial Rewards starts with an analysis. Because to determine the best course of action, we must first find out exactly where your ACO and member TINs are hitting and where you are missing.

Best-In-Class Provider Partners

Our Provider Partners are the leading professional service providers and consulting firms that specialize in the processes of the Medicare CCM Program, the QPP & MACRA, HIE, RAF Compliance, and Patient Outreach Optimization for financial ROI.
