Live Well A.P.S., Inc. — Who We Are

CCM is a major new initiative to every clinic that goes down the path. In many ways, it is a lot like a business startup. Your best chance of optimizing revenues, improving patient care, and reducing total cost of care is to align yourself with a team experienced in big initiatives.

We are a contracted agency and facilitator for leading experts that specialize in the processes and implementation of optimization solutions for financial ROI. Together, we support thousands of independent and hospital-based physicians & clinicians, multi-TIN, Medicare Advantage plan providers, and ACO and Advanced APM members. We deliver **Maximum Value** with vital CMS program guidance and the most effective and innovative clinical and non-clinical business solutions that improve compliance, reimbursement, and efficiency. In addition, streamline costs and reduce hassles.

TINs That Currently Offer Their Eligible Patients the Medicare CCM Program and Bill CPT 99490 Require a Software Platform That Integrates with Their EHR and Provides All the Necessary Billing Data

Our software only option is the perfect solution. Advanced CCM Software Tools help to scale your Medicare CCM program upwards. If you only have one Care Manager, and a small number of patients, your staff can manage the process manually. But as patient volume grows, those manual processes create errors and bottlenecks that will constrain your efficiency and ability to reach all the patients who will benefit from the program.

Needed By Providers That Utilize Their EHR For Program Management

Our Medicare CCM Program Software platform was designed to enhance the delivery of care across various specialties, including primary care, cardiology, pulmonology, and more.

The platform reduces Total Cost of Care, improves patient outcomes, increases efficiency, unlocks new revenue streams, and transforms your approach to Chronic Care; making it more accessible, proactive, personalized, patient-centered, and effective for the Medicare patients you serve.
Our Medicare CCM Program Mission

Our Medicare CCM Program mission is to redefine Chronic Care Management by streamlining collaboration between hospitals, physician groups, and providers. The platform focuses on enhancing patient outcomes

and simplifying care processes, ensuring those with chronic conditions receive the highest quality of care. By leveraging innovative solutions and fostering strong healthcare partnerships, we are committed to elevating the standards of chronic care, making it more accessible, effective, and patient-centered.

How the software Platform Helps Your TIN

Improved Patient Care

The platform's cutting-edge software and highly skilled support team who work closely with providers to implement effective CCM strategies, ensuring patients receive the continuous care they need.

Revenue Enhancement

The software platform maximizes the financial performance of health systems, physician groups, and providers through a specialized focus on the Medicare CCM Program, particularly CPT 99490. Expertise along with unparalleled technical guidance and support ensures that your TIN will always remain at the forefront of the latest practices and reimbursement.

Advanced Software

Crafted by and for CCM professionals, the platform is engineered to simplify both patient care and billing practices, ensuring an efficient, seamless experience for healthcare providers and care teams. It integrates effortlessly into existing care routines, offering intuitive tools that streamline patient monitoring, care coordination, communication, billing practices, and more.

Compliance & Quality Improvement

The platform's comprehensive understanding of regulatory requirements and continuous updates in response to industry changes allows the software platform to support meticulous documentation and care coordination practices, which are crucial for meeting quality metrics and improved patient outcomes.

The Software Platform Capabilities

Software Platform

- Designed by experienced Chronic Care nurses.
- Automated record timing to ensure accurate billing code records.
- Built in calling system and patient portal.

Remote Patient Monitoring

- Comprehensive Patient Vitals Dashboard.
- Device integrated patient mobile app that supports devices such as Fit-bit, Google Fit, iHealth, Withings, and more.
- Supports reliable protocols like HTTP(S), FTP(S), and TCP/IP

Behavioral Health Integration

- Integrated Behavioral Health screening assessments.

- Built-in logic automatically scores for alcoholism, smoking, depression, and behavioral health.
- CAGE, PACK, PHQ-2, PHQ-9, and GAD-2 screeners and provides recommendations.

Transactional Care Management

- Post-discharge patient services such referrals, medication reconciliation, and evaluation of diagnostic testing.
- TCM checklists to keep track of the crucial timelines and service needs.
- Streamline transitional care to reduce readmissions to hospitals and enhance results.

Reporting, Billing & Analysis

The software platform delivers detailed reports on patient progress, health outcomes, and program engagement, allowing providers to monitor the effectiveness of the care plan and adjust strategies as needed. These insights are crucial for optimizing patient care and enhancing health outcomes. Additionally, the platform understands the importance of financial management for healthcare organizations. Therefore, the system includes robust billing reports that offer a clear view of the revenue generated from the Medicare CCM Program services. These reports are designed to streamline the billing process, ensure accuracy, and support compliance with healthcare billing regulations.

The Bottom Line

Our *Medicare CCM Program Software* platform is the empowering solution that ensures you reduce Cost of Care, maximize CPT 99490 revenue, remain at the forefront of the latest practices and billing procedures, and succeed with unparalleled technology, guidance, and support.

Understanding the financial implications of the Medicare CCM Program helps in making the decision on whether to invest in our software platform or stay the course with your EHR system very easy.

Best-In-Class Provider Partner

Our Provider Partner is the leading professional service provider and consulting firm that specializes in the processes of the Medicare CCM Program and Patient Outreach Optimization for financial ROI.
