- AND MORE.

## Live Well A.P.S., Inc. — Who We Are

**CCM is a major new initiative to every clinic that goes down the path. In many ways, it is a lot like a business startup. Your best chance of optimizing revenues, improving patient care, and reducing total cost of care is to align yourself with a team experienced in big initiatives.**

We are a contracted agency and facilitator for leading experts that specialize in the processes and implementation of optimization solutions for financial ROI. Together, we support thousands of independent and hospital-based physicians & clinicians, multi-TIN, Medicare Advantage plan providers, and ACO and Advanced APM members. We deliver **Maximum Value** with vital CMS program guidance and the most effective and innovative clinical and non-clinical business solutions that improve compliance, reimbursement, and efficiency. In addition, streamline costs and reduce hassles.

## TINs That Currently Offer Their Eligible Patients the Medicare CCM Program and Bill CPT 99490 Require a Software Platform That Integrates with Their EHR and Provides All the Necessary Billing Data

**The proprietary software-only option is the perfect solution because its advanced CCM software tools help to scale your Medicare CCM Program upwards. If you only have one Care Manager, and a small number of patients, your staff can manage the process manually. But as patient volume grows, those manual processes create errors and bottlenecks that will constrain efficiency and the ability to reach all the patients who will benefit from the program.**

### Needed By Providers That Utilize Their EHR For Program Management

The Medicare CCM Program Software platform is a proprietary system designed to enhance the delivery of care across various specialties, including primary care, cardiology, pulmonology, and more.

It reduces Total Cost of Care, improves patient outcomes, increases efficiency, unlocks new revenue streams, and transforms your approach to Chronic Care; making it more accessible, proactive, personalized, patient-centered, and effective for the Medicare patients you serve.

### Platform Mission

The mission of the Medicare CCM Program platform is to redefine Chronic Care Management by streamlining collaboration between hospitals, physician groups, and providers. The platform focuses on enhancing patient outcomes and simplifying care processes, ensuring those with chronic

conditions receive the highest quality of care. By leveraging innovative solutions and fostering strong healthcare partnerships, the platform is committed to elevating the standards of chronic care, making it more accessible, effective, and patient-centered.

### How the Software Platform Helps Your TIN

#### Improves Patient Care

The cutting-edge software helps your TIN implement effective CCM strategies, ensuring patients receive the continuous care they need.

#### Enhances Revenue

The software maximizes the financial performance of your TIN through a specialized focus on CPT 99490. Expertise and unparalleled technical guidance and support ensures that your TIN will always remain at the forefront of the latest practices and reimbursement.

#### Improves Compliance & Quality

The software's continuous updates in response to industry changes allows it to support meticulous documentation and care coordination practices, which are crucial for meeting quality metrics and improved patient outcomes.

#### Software Capabilities

##### Advanced & Proprietary

Crafted by and for CCM professionals, it is engineered to simplify both patient care and billing practices, ensuring an efficient, seamless experience for healthcare providers and care teams. It integrates effortlessly into existing care routines, offering intuitive tools that streamline patient monitoring, care coordination, communication, billing practices, and more.

- Designed by experienced Chronic Care nurses.
- Automated record timing to ensure accurate billing code records.
- Built in calling system and patient portal.

#### Remote Patient Monitoring

- Comprehensive Patient Vitals Dashboard.
- Device integrated patient mobile app that supports devices such as Fit-bit, Google Fit, iHealth, Withings, and more.
- Supports reliable protocols like HTTP(S), FTP(S), and TCP/IP

#### Behavioral Health Integration

- Integrated Behavioral Health screening assessments.
- Built-in logic automatically scores for alcoholism, smoking, depression, and behavioral health.
- CAGE, PACK, PHQ-2, PHQ-9, and GAD-2 screeners and provides recommendations.

#### Transactional Care Management

- Post-discharge patient services such referrals, medication reconciliation,

and evaluation of diagnostic testing.

- TCM checklists to keep track of the crucial timelines and service needs.
- Streamline transitional care to reduce readmissions to hospitals and enhance results.

### Reporting, Billing & Analysis

The software platform delivers detailed reports on patient progress, health outcomes, and program engagement, allowing providers to monitor the effectiveness of the care plan and adjust strategies as needed. These insights are crucial for optimizing patient care and enhancing health outcomes. Additionally, the platform understands the importance of financial management for healthcare organizations. Therefore, the system includes robust billing reports that offer a clear view of the revenue generated from the Medicare CCM Program services. These reports are designed to streamline the billing process, ensure accuracy, and support compliance with healthcare billing regulations.

### The Bottom Line

The **Medicare CCM Program Software** platform is the empowering solution that ensures your TIN reduces the Cost of Care, maximizes CPT 99490 revenue, remains at the forefront of the latest practices and billing procedures, and succeed with unparalleled technology, guidance, and support.

Understanding the financial implications of the Medicare CCM Program helps in making the decision on whether to invest in the software platform or stay the course with your EHR system very easy.
